Goss Green Mirage

15hh • 1999

CHAPS(UK) & BSPA GRADED SPORT HORSE STALLION

New Zealand Pinto Horse Society

AES Registered

By Irco Lhee

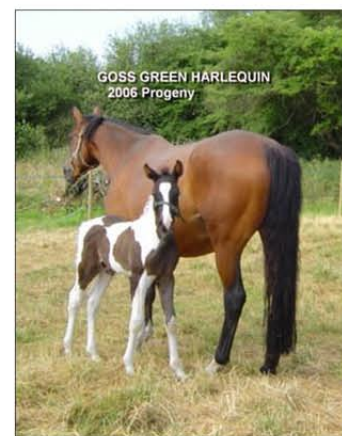

Goss Green Mirage graded with CHAPS (UK) in October 2004 in the Sporthorse category also achieving a successful BSJA stallion assessment and was champion stallion at BSPA grading in March 2006.

Grandson of Welton Crackerjack and Ico Sun, Goss Green Mirage has presence, paces and personality to spare.

Welton Crackerjack (Advance Event Horse) is Britain's most successful and famous event stallion to date, having sired winners of 6 international 3 Day Events including Badminton and Burghley.

Ico Sun is one of the few coloured stallions competing (SJ) at national level in Holland. He comes from the great Marco Polo line which produced such great stallions as Recruit, Irco Polo and Marius, who sired the famous Milton. Samber (great grandsire) is one of the only coloured Dutch stallions who has competed in dressage to Grand Prix and is known for his 'golden' temperament. Sambers sire Pericles is one of the great Dutch stallions and one of the few to receive the title 'preferent'. His dam Tina D-also 'preferent' was a Grand Prix show jumper.

We have selected the best Dutch Coloured competition blood lines and the most successful British Event line to produce a versatile coloured stallion with huge potential. Both his temperament and attitude to work are outstanding.

Goss Green Mirage began competing in 2004 and has been successful in Dressage, Show Jumping and ODEs. His BE career has seen a successful beginning at Intro level with a win at Berrington Hall and a close 2nd at Malpas. Mirage has achieved numerous placings in coloured classes, qualifying for RIHS 2007 & 2008. He has enjoyed two extremely successful competition seasons in New Zealand culminating in him being **NZ Pinto North Island Adult Hack and Overall Inhand High Points Champions 2011**. Mirage has proved to be an exceptional hunter and side saddle horse and is now dressage training regularly with Vanessa Way.
