

## **Presidents Report AGM 2024**

Another year has passed for the NZ Pinto Horse Society, and I firstly would like to thank the committee members, especially Julie Pascoe who does the lion's share of the work that keeps the Society ticking along. Also, Cherie, our registrar and Zoey who runs our South Island show.

On the subject of shows I would also like to extend a thanks to Leanne Faulkner who very kindly organised the North Island Show in conjunction with the National Horse and Pony Show. It would be great in future if we could find the support to run a standalone show for the North Island as the South Island does.

Horse of Year at last ran after a long hiatus after covid and Cyclone Gabrielle and it was good to see many lovely pintos competing on the Wednesday.

Moving forward it would be nice if any members have any suggestions on what else the society can do for its members.... not everyone shows their Pintos so what can we do for those members who don't? Please feel free to email myself in regard to this (my email is available on our website)

Lastly a thanks to all our members, without which there would be no Society.

Katrina Gosney
